N/A	Graduate advantage	N/A	Compulsory			1hr/wk face to face or online	

Please note that hours per week are an average across term time tuition, and may vary across the weeks.

Where there is a choice of online or face to face teaching, students will be given a deadline to make the decision on whether to study online or face to face during online enrolment. After that deadline, swapping between online and face to face teaching may not be possible, though we will try to accommodate changes where we can.

Are there any changes to the content of the course, compared with what was agreed previously?

No changes to programme content.

Are there any changes to the assessment methods we are using?

Assessment may be modified slightly i.e. filmed presentations rather than live, if necessary, but no other changes.

Are there any changes to previously advertised field trips, placements, enrichment activities or other external activities?

Students undertake a trip to St George's Park sports science department, which has been postponed. We hope to rearrange this to semester 2 if restrictions will accommodate. If this is impossible we will look to bring a guest speaker in from SGP preferably in person at UCB but otherwise online.

When might what is set out above change?

We intend to use the teaching methods set out above for the whole of Semester 1 of the 2020-21 academic year.

If there are more severe restrictions on movement or gatherings as a result of changed government guidance (e.g. in the event of another wave of Coronavirus), teaching that is planned to be on campus may have to be moved online. In that instance your lectures, seminars and small group teaching would be online and we would postpone your practical sessions until campus teaching became possible again.

At the moment we intend that semester 2 teaching will be on campus and face-to-face for all students on this course, although we will continue to make use of our extensive online resources to supplement on-campus teaching. However, if restrictions on movement or group size continue, we would need to continue to offer your course in a blended way, in a similar pattern to that described above. We will let you know as soon as possible if we think that is likely to happen, but decisions may need to be taken at short notice where we are obliged to act on changes to national or local advice.
