

# YOUNG WAITERS MORNING

## YEAR 10

# YOUNG WAITERS MORNING YEAR 10

This event is based on the UK's first Young Waiters Academy sponsored by the Savoy Educational Trust which is being run here at University College Birmingham. This morning event provides students with an overview of the knowledge needed to become a high standard server/waiter and hands on experience. Also it will help build communication, organisational skills and confidence.

## YOUNG PEOPLE ARE TAUGHT THE ART OF SERVICE INCLUDING:

- preparing a restaurant for customers
- serving food and drinks
- creating Mocktails
- coffee service

This will also provide them with an introduction to the careers available in the food and drink industry in a fun and friendly environment.

At the end of the morning the students and teachers will be served a three course meal in our award winning restaurant to show them what a successful service looks like and how the skills they learnt are put into action.
