

## Teaching in Semester 1 2020

### Programme – FdA Sports Massage and Remedial Therapy

Level of Study – 5

#### Teaching pattern in 2020-21 academic year:

Module number	Module Name	Module Credits	Compulsory/Optional Module	Lectures	Practicals	Seminars and small group teaching	Other teaching e.g. tutorials
1724	Common Sports Injuries	20	Compulsory	1hr/wk online	2hr/wk face to face		
1731	Anatomy II	20	Compulsory	2hr/wk online	2hr/wk face to face		
1408	Research for Sport	20	Compulsory	3hr/wk online			
1728	Remedial Sports Massage	20	Compulsory		2hr/wk face to face (runs across 2 semesters)		
N/A	Individual tutorial	N/a	Compulsory			Min1 per semester – online, option for face to face	
N/A	Graduate advantage	N/A	Compulsory			1hr/wk face to face or online	

Please note that hours per week are an average across term time tuition, and may vary across the weeks.

Where there is a choice of online or face to face teaching, students will be given a deadline to make the decision on whether to study online or face to face during online enrolment. After that deadline, swapping between online and face to face teaching may not be possible, though we will try to accommodate changes where we can.

**Are there any changes to the content of the course, compared with what was agreed previously?**

The public clinic will not run in semester 1, however, if restrictions allow this will be reinstated and increased in semester 2 to ensure students have met all competencies and gained sufficient experience. Research for sport has been brought to semester 1 to balance the physical contact requirements across semesters.

**Are there any changes to the assessment methods we are using?**

Assessment will take restrictions at that time into account and may be subject to delay as a result but have not been changed beyond what was already agreed and only if this is necessary.

**Are there any changes to previously advertised field trips, placements, enrichment activities or other external activities?**

Students are encouraged to take part in our events team, however, all events have been cancelled by the organisers until at least Jan 2020 when, hopefully, we can reinstate and support students to attend these. Students attend Therapy Expo annually but it is likely that organisers will cancel/postpone. If dates are rearranged we will support students to attend this.

**When might what is set out above change?**

We intend to use the teaching methods set out above for the whole of Semester 1 of the 2020-21 academic year.

If there are more severe restrictions on movement or gatherings as a result of changed government guidance (e.g. in the event of another wave of Coronavirus), teaching that is planned to be on campus may have to be moved online. In that instance all of the face-to-face teaching for your course would be online until restrictions are lifted.

At the moment we intend that semester 2 teaching will be on campus and face-to-face for all students on this course, although we will continue to make use of our extensive online resources to supplement on-campus teaching. However, if restrictions on movement or group size continue, we would need to continue to offer your course in a blended way, in a similar pattern to that described above. We will let you know as soon as possible if we think that is likely to happen, but decisions may need to be taken at short notice where we are obliged to act on changes to national or local advice.
