## FACT SHEET – ACADEMIC YEAR 2022/2023

<b>VISAS</b>	<p>After 31 December 2020 please check the UK Government visa requirements for one semester or full year exchanges. <a href="https://www.gov.uk/browse/visas-immigration/student-visas">https://www.gov.uk/browse/visas-immigration/student-visas</a></p> <p>A Visitor visa will be required by non-EU students and may be required for EU students who are staying for one semester only – please see website <a href="https://www.gov.uk/study-visit-visa/overview">https://www.gov.uk/study-visit-visa/overview</a>. <b>Under the terms of this visa students are not permitted to work.</b></p> <p>A Student visa is required for both EU and non-EU exchange students wishing to study at UCB for one academic year (returning to their home university to complete their qualification). This has replaced the previous Tier 4 visa. Please see the link on the following website: <a href="https://www.gov.uk/student-visa">https://www.gov.uk/student-visa</a></p> <p><b><i>Incoming students will be required to obtain either a Student visa / apply for leave under the new Visitor route.</i></b></p> <p><b>Immigration arrangements for short-term study and work</b> From 01 December 2020, students wanting to come to the UK for less than 6 months will be able to apply for leave under the new Visitor route rules, provided this is at an accredited institution. This will replace the current Short-Term Study visa and non-visa nationals (such as those from the EU, EEA and Switzerland) will normally be able to apply for entry at the border, for free, simply by using their e-passport. Visa nationals ie non-EU (see list of countries <a href="#">here</a>) should apply beforehand via the <a href="http://www.gov.uk">www.gov.uk</a> website and will have to pay an application fee.</p> <p>The new Visitor rules have certain restrictions which are important to consider. First of all, they do not cover study of over 6 months and there are restrictions for using the route for extended periods through frequent or successive uses. In addition, as a short-term student, individuals cannot do any kind of work, work placement or work experience during their time in the UK. Anyone who is looking to study for over 6 months, or who wants to be able to work in the UK during their studies, should apply via the new <a href="#">Student route</a>.</p>
